## **Holy Guacamole!**

Making Guacamole is super easy! It's so easy, I don't have a recipe! I make it according to taste. Here are the ingredients:

Avocados, ripened, smashed Red Onion, small diced Cherry Tomatoes, cut into 4 parts Squeeze of fresh Lime, Salt, Pepper, and Hot Sauce to taste.

Mix all together. Don't over do it on the red onion or hot sauce but season to taste. Enjoy!

Note: For ways to keep your leftover Guacamole from turning brown, please visit the Blog Section of this website for great

tips.
